

Status January 2026

Calculate maintenance correctly

Child maintenance

Age of children	Percentage
0 to 6 years	16%
6 to 10 years	18%
10 to 15 years	20%
from 15 years	22%

Further maintenance obligations	Deduction
per additional child up to 10 years	minus 1%
per additional child over 10 years	minus 2%
Ex-spouse or spouse	minus 0% to 3%

Assessment basis (AB)

Exact: Annual net income divided by 12 (excluding Family Bonus+).

Approximate (for 14 salaries): Monthly net income x 14 : 12 (results in lower maintenance payments)

Including benefits in kind, overtime, bonus payments, allowances at 50%, excluding Family Bonus+

Standard requirement and maintenance freeze (luxury limit)

Maximum entitlement: up to 10 years: standard x 2, over 10 years: standard x 2.5

from Jan 1, 2026	from birth	from age 6	from age 10	from age 15	from age 20
Standard	360	460	560	700	800
Luxury limit (LL)	720	920	1.400	1.750	2.000
LL from net (1 child)	4.500	5.111	7.000	7.955	9.091

Family allowance and child tax credit

are payable to the parent who is the primary caregiver, without being offset against maintenance.

Care by both parents, own or third-party care

In the case of above-average care in the context of dual residence or if the child lives in a household without parents, maintenance is calculated differently.

Family bonus+

has no effect on maintenance and only reduces income tax. Both parents are entitled to half, but other arrangements can also be made: 100% for the parent providing care or 100% for the person liable for maintenance. Per year for children up to the age of 18: € 2,000.00, from the age of 18: € 650.00.

Spousal support

The person entitled to support has no income of their own

33% of the assessment basis (AB) of the person liable for support, minus 4% per child.

The person entitled to support has their own income

40% of the AB of the person liable for support, minus 4% per child, minus own income.

I will be happy to determine the correct assessment basis for you and calculate the maintenance.

Date

Past to present, not future.

Net annual income

by 12 (without Family Bonus Plus, with benefits in kind, overtime, bonus payments, allowances at 50%).

Luxury limit

is not taken into account.

Reduction or load limit
If the income of the person liable to pay maintenance is at risk, the online calculation is not always correct.

Spouses and ex-spouse

Only enter the income of the ex- and/or spouse if there is a maintenance obligation. Current and former spouse also possible.
